2011 AWARD NOMINATION

The Southern Piedmont Technology Council's Technology Stars Awards Banquet celebrates and recognizes the innovative leadership of the Southern Piedmont. Nominations are now being accepted for the eight award categories. If you know a commendable organization, department, project, or individual, please nominate them for one of these prestigious awards. You can also nominate yourself.

To submit a nomination, fill out the following Nomination Form and return it the SPTC. The deadline for submissions is October 7, 2011. Electronic submittals are strongly encouraged. You can also mail or fax your applications. The applications will be evaluated based on how the nominee: impacts the community, raises awareness of the region, markets the region to other areas of Virginia and the nation and demonstrates their support of the SPTC's mission to make the Southern Piedmont one of Virginia's premier technology regions.

Award Categories

Chairman's Award: Visionary leadership to promote technology in the region

Leadership in Telecommunications Infrastructure: Significant contributions to the enhancement of the region's telecommunications infrastructure

Leadership in Outreach: Innovative uses of technology for regional support services and outreach

Leadership in Government: Technological advances in government operations and functions

Leadership in Education: Use of technology to promote and enhance educational opportunities

Leadership in Manufacturing: Implementing technology to positively impact and improve manufacturing processes and applications

Leadership in Science and Technology: Developing the use of technology in science and research

Leadership in the Service Industry: Utilizing technology to deliver exemplary service and enhance customer relations

Please join us on November 10, 2011 for the Awards Banquet!
