### Cisco Systems Mobile Showcase is Headed in Your Direction

Come experience the latest real world, small and medium-sized business solutions from Cisco Systems in a mobile showcase designed to educate, entertain and interact with you.

### Network Power In Motion...for Growing Business

The Cisco Network on Wheels (NOW) is a 25-foot mobile showcase equipped with the latest Cisco networking technologies designed specifically for small and medium-sized businesses (SMBs). The showcase provides hands-on demonstrations of proven integrated networking solutions, which are customizable to your business size and needs.

Once on-board the Cisco Network on Wheels, you will experience interactive demonstrations of technology solutions designed to enhance your competitive edge – maximize productivity and ROI, enhance customer care and loyalty, increase user satisfaction and reduce operating costs – ultimately driving your business growth.

### The Four Key Networking Solutions Include:

- IP Communications Solutions
- Security Solutions
- Mobility/Wireless Solutions
- Network Foundation Solutions
