

Tech Bunch For Lunch

“Technology Club”

Regardless of your business or personal activity, it is hard to deny that technology is impacting and changing the way we all operate. Why not take part in the growing technology movement right here in Southern Piedmont?

The Tech Bunch for Lunch technology club is being formed to provide a networking opportunity for people interested in technology. However, you do not need to be employed in the technology field to attend. We welcome IT professionals, business men and women, as well as individuals who are simply interested in technology. While we are calling this group a technology "club", there is nothing to join and there are no membership dues or fees. Each meeting of this club is open to all interested parties. You are only responsible for the cost of your lunch.

Like many other civic clubs, we plan to hold the meetings on a regular monthly basis so interested people can build into their calendars. Monthly meetings will be limited to 1 hour to allow attendees to get back to work in a timely manner. We will follow a format similar to other civic clubs in that the meal will begin when you arrive and continue through the lunch hour. Because we will eat from the buffet, a late arrival will not disrupt the meeting. At approximately 12:20, we will have a few short announcements followed by a speaker that will be limited to 15-20 minutes. We will close the meeting with Q&A as well as additional networking. One of the goals of this club is to allow those that attend determine what course it follows and we hope attendees will suggest future topics of interest as well as alternate meeting times, if desirable.
