

## September 13, 2011 Tech Bunch for Lunch

### Topic: Regional Center for Applied Technology and Training (RCATT) ~ Presentation & Tour

RCATT (Regional Center for Advanced Technology and Training) is the Workforce Services arm of Danville Community College. RCATT provides technology training for industries and businesses and serves a major role in bringing new industry to the region.

Come hear Jerry Franklin, Director of Manufacturing & Technical Services at DCC, discuss how DCC is using the RCATT facility to educate and train our workforce to compete with 21st century technologies. In addition to traditional industrial technologies, you'll learn about RCATT's digital manufacturing, laser scanning / reverse engineering and nano technology capabilities.

A tour of RCATT will be provided as well.

**Date:** Tuesday, September 13, 2011

**Time:** 12:00pm - 1:00pm

**Location:** RCATT (121 Slayton Avenue, Danville, VA 24540)
